REPORT

HEADQUARTERS OF THE POLICE DEPARTMENT,
OFFICE OF THE POLICE COMMISSIONER, 154 BERKELEY STREET,
BOSTON, December 1, 1952.

TO HIS EXCELLENCY PAUL A. DEVER,
Governor of the Commonwealth.

YOUR EXCELLENCY:

In compliance with the provisions of chapter 291, Acts of 1906, as amended, I have the honor to submit the following report of the activities of the Boston Police Department for the year ending November 30, 1952.

The morale of this organization is excellent, and it is a pleasure to express my appreciation to the members of the Department for their loyalty and efficiency in carrying out their assignments.

I extend my sincere thanks to Your Excellency for the support you have given the Department during the past year.

Respectfully submitted,

THOMAS F. SULLIVAN,
Police Commissioner.

PRESENTATION OF MEDALS.

The Walter Scott Medal for Valor for 1952 and Department Medals of Honor, as recommended by a Police Board of Merit, were awarded at the annual ball of the Boston Police Relief Association, held at the Boston Garden, December 10, 1952, as follows:

The Walter Scott Medal for Valor and a Department Medal of Honor to Patrolman Thomas J. P. Gavin of Division 13.

Patrolman Thomas J. P. Gavin of Division 13 is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on February 2, 1952.

Patrolman Gavin jumped into a pond where some children had fallen through the ice, and rescued a young girl and boy, both of whom were revived by artificial respiration. He also recovered from the pond the bodies of two other children.

DEPARTMENT MEDALS OF HONOR.

Patrolman William R. Thrall of the Traffic Division is awarded a Department Medal of Honor for meritorious duty performed on March 10, 1952. Patrolman Thrall, within a short time after receiving information of a robbery and assault in a business establishment, arrested the culprit after pursuing him to the sixth floor of an adjacent building.

Detective Frederick D. McLean of the Special Service Squad is awarded a Department Medal of Honor for meritorious duty performed on April 7, 1952. Detective McLean, while off duty, observed two men about to commit a holdup in a store. Arresting the look-out man and holding him as a shield, Detective McLean entered the store and arrested his accomplice, who was in the act of holding up the owner with a gun.

Sergeant Francis A. O'Meara and Patrolman Jeremiah P. Sullivan of the Superintendent's Office each is awarded a Department Medal of Honor for meritorious duty performed on September 2, 1952. These officers arrested a man who answered the description of a wanted murderer in another state, and who later confessed he was a member of a group wanted for the crime. The officers also obtained information which resulted in the arrest of an accomplice.

WORK OF THE DEPARTMENT.

ARRESTS.

The total number of arrests, counting each arrest as that of a separate person, was 84,288, as against 76,736 for 1951.

There were 16,659 arrests on warrants and 33,187 without warrants; 34,442 were summoned by the courts.

The number of males arrested was 75,351; of females, 8,937; of foreigners, 3,061; of delinquents, 2,857; of minors, 7,372; of nonresidents, 26,841.

The number of persons punished by fines was 28,891, and the assessment of fines imposed by the courts amounted to \$155,849.

The total number of days' attendance at court by officers was 38,398, and the witness fees earned amounted to \$16,560.60.

There were 26,182 persons arrested for drunkenness, an average of 72 per day, as against 24,964 or an average of 69 per day in 1951.

One hundred sixty-five persons were committed to the State prison; 2,086 to the House of Correction; 72 to the Women's Prison; 124 to the Reformatory Prison; and 3,147 to other institutions; and the total years of imprisonment were 1,546 (854 sentences were indefinite, including four life sentences to the State Prison).

The value of property taken from prisoners and lodgers was \$175,817.79.

The value of property stolen in the city amounted to \$2,994,579.23 and the value recovered amounted to \$2,292,477.75.

The Commissioner has attempted to find out what percentage of arrests in other cities is of nonresidents. This percentage is so small in other cities that statistics are not kept of this class of arrests; therefore, it should be borne in mind in making comparison of Boston with other cities, either of the cost of policing or of criminal statistics, that 31 per cent of the arrests in Boston is of nonresidents, whereas other cities have but a negligible percentage of arrests of nonresidents.

For the twelve months ending November 30, 1952, as compared with the same period ending with November 30, 1951, a

brief comparison of the number of arrests for major offenses may be of interest and is submitted herewith:

OFFENSES.	YEAR ENDING Nov. 30, 1951.	YEAR ENDING Nov. 30, 1952.
	Arrests.	Arrests.
Aggravated assault	220	287

Murder	16	21
Rape (including attempts)	72	62
Robbery (including attempts)	237	248
Totals	30,056	32,212

The balance of arrests consisted largely of so-called minor offenses, such as traffic violations, violations of city ordinances, gaming and miscellaneous offenses.

UNIFORM CRIME RECORD REPORTING.

This department, during the past year, has continued its cooperation in furnishing returns to the Federal Bureau of Investigation, Washington, D. C., of the following serious offenses:

1. Felonious homicide:
 - (a) Murder and nonnegligent manslaughter
 - (b) Manslaughter by negligence
2. Rape
3. Robbery
4. Aggravated assault
5. Burglary — breaking and entering
6. Larceny:
 - (a) \$50 and over in value
 - (b) Under \$50 in value
7. Auto, theft

The following comparative table shows the number of certain offenses reported and cleared for the period December 1, 1951, to November 30, 1952, as against December 1, 1950, to November 30, 1951.

DETECTIVE BUREAU.

A Detective Bureau was established in the Boston Police Department on November 6, 1950, in accordance with the provisions of chapter 735, Acts of 1950. Detectives assigned to this bureau are detailed to the Bureau of Criminal Investigation and the various police divisions.

BUREAU OF CRIMINAL INVESTIGATION.

The Bureau of Criminal Investigation is composed of several units, namely, Automobile, Ballistics, Chemical Laboratory, Homicide, Lost and Stolen Property, Identification, Missing Persons.

In addition, special squads are assigned to cover the following phases of police work and investigations: banking, express thieves, general investigation, holdups, hotels, narcotics, pawnbrokers, junk shops, second-hand article dealers, pickpockets, shoplifters.

Members of this bureau investigate felonies committed within the jurisdiction of the City of Boston. They also handle cases of fugitives from justice and conduct hundreds of investigations during the course of a year for various police departments throughout the United States and foreign countries. Further, they cooperate in every way possible with outside police departments in investigation of crime and prosecution of criminals.

AUTOMOBILE UNIT.

This unit investigates all reports of automobiles stolen and is in daily communication with police authorities of the United States and Canada. Many investigations are made in cooperation with the Federal Bureau of Investigation, Post Office Department and immigration authorities of the United States.

The automobile unit index contains records of cars stolen in Boston, cars stolen in other places, cars reported purchased and sold, cars for which owners are wanted, cars used by missing persons and cars whose operators are wanted for various offenses. Many arrests are made by officers of the department and the automobile unit through information obtained from this index.

All applications for Used Car Dealers' Licenses are investigated by officers of this unit. Frequent examinations are made to ascertain if used car dealers are conforming to the conditions of their licenses.

Using mechanical appliances and chemicals, members of this unit during the year identified a number of automobiles which were recovered or found abandoned on police divisions, restoring them to their owners, and have assisted in solving many crimes by means of their positive identifications.

LOST AND STOLEN PROPERTY UNIT.

A description of all articles reported lost, stolen or found in this city is filed in this unit. Many cities and towns throughout the United States forward lists of property stolen in such places. All pawnbrokers and second-hand dealers submit daily reports of all articles pawned or purchased. A comparison of the description of articles reported lost or stolen and those articles which are pawned or purchased by dealers resulted in the recovery of thousands of dollars' worth of stolen property and the arrest of many thieves.

Pawnshops and second-hand shops are inspected daily, for the purposes of identifying property which may have been stolen.

HOMICIDE UNIT.

Officers of this unit investigate all homicide cases and interrogate persons involved in or who have knowledge of crimes of murder, manslaughter, abortion and other violent crimes. They prepare, supervise and present evidence at inquests.

BALLISTICS UNIT.

Personnel consists of members of the Bureau of Criminal Investigation expert in ballistics, explosives and munitions. All evidence found at the scene of crime where firearms or explosives were used is examined. Suspected weapons are catalogued, fired for test and comparison purposes, and spent bullets and cartridge cases from these weapons are filed. Cases involving ballistic evidence are prepared and presented in the various courts.

All department firearms, accessories pertaining to the same, and tear gas equipment have been inspected and serviced.

All firearms held as evidence pending disposition by the courts are recorded.

Stolen firearms are traced and whenever possible are returned to the rightful owners. A file is kept on stolen firearms and checks are made against the file at the Lost and Stolen Property Unit and at the files of the Massachusetts Department of Public Safety.

When firearms, property of the United States, are found used in crime or recovered otherwise, such property is returned to the proper military or naval authorities after cases are disposed of by the courts.

This unit works in cooperation with other police departments, federal agencies, military and naval intelligence units.

Emergency Equipment on All Divisions.

All police divisions and several units have on hand a supply of emergency equipment.

Harbor Police Division is equipped with line-throwing guns and rifles.

Periodic inspections are made and equipment replaced whenever necessary.

BIOLOGICAL CHEMIST.

The work carried out in the laboratory is highly varied in its nature, the frequency of any particular type being governed by the circumstances of the cases. A breakdown into types indicates the general scope of the laboratory.

TRAFFIC DIVISION.

The duties of the Traffic Division consist of the control of traffic within the area of Divisions 1, 2, 3, 4 and 16, the enforcement of the statutes, ordinances, rules and regulations pertaining to traffic within this area, the processing of parking violations for the entire department and the providing of a safety education program for the general public.

ACTIVITIES.

Vehicular traffic has continued to increase in volume during the past year. The official figures of the Registrar of Motor Vehicles show a total registration for the Commonwealth as at October 31, 1952, of 1,305,240, as compared with a total registration of 1,272,159 as at October 31, 1951, an increase of 33,081 or $2\frac{1}{2}$ per cent. Traffic counts indicate that the daily traffic volume in downtown Boston is roughly equivalent to one fourth the total registration of the Commonwealth.

During the past year major road construction has been under way in the city proper. Activity in connection with the aerial highway project now extends from the Charles River across the city to Fort Hill square and constitutes a traffic problem of considerable proportions. Many road resurfacing projects were completed successfully during the past year, including Broadway, Cambridge street, Beacon street, Congress street, Union street and Dorchester avenue.

The usual parades were conducted and traffic was detoured in this connection in accordance with recommendations of the Traffic Division. Considerable congestion was experienced during the conduct of the Armistice Day parade, the route of which traverses the retail district of the city where stores are open for business during the hours of the parade.

Additional traffic details were provided for multiple-alarm fires, air raid tests, conventions, sporting events, operas, concerts, commencement exercises and similar events. Worthy of note was the manner in which the visits of the presidential candidates, with the many attendant activities, were handled by the Traffic Division, which elicited favorable comment from both participants.

The many notables among the visitors to our city during the past year who were furnished escort service by the Traffic Division included President Harry S. Truman, President-

Elect Dwight D. Eisenhower, Governor Adlai E. Stevenson, Vice-President Alben Barkley, Vice-President-Elect Senator Richard M. Nixon, Senator Estes Kefauver, Senator Robert Taft, Mayor Vincent Impelletteri, the Syrian Minister of Foreign Affairs, Admiral McCrea, Captain Kurt Carlson of the ill-fated S. S. "Enterprise" and Mrs. Toy Len Goon, American Mother of 1952.

PARKING.

During the year ended November 30, 1952, the Traffic Division issued a total of 439,655 notices of parking violations, exceeding the previous highest yearly total (1951) by 57,013. Those reported by officers of the Traffic Division amounted to 274,470; by officers of all other divisions, 165,185. Of the 274,470 notices reported by officers of the Traffic Division, 73,386 represented meter violations and 794 were incurred by out-of-state registered vehicles. The issuance of notices of parking violations to owners of vehicles registered in other states or countries has been made possible by a change in the law which now permits ten days in which to mail the notices to out-of-state violators as against three days in the case of Massachusetts registrants. This permits sufficient time in which to identify the owners by corresponding with the motor vehicle departments of the several states.

Revenue from parking violations in the Central Municipal jurisdiction amounted to \$416,267.90 for the year ended November 30, 1952. Figures of the other jurisdictions are not available. During the same period, parking meter revenue for the entire city amounted to \$609,242.15.

SAFETY EDUCATION.

The Traffic Division provides a program of safety education for the citizens of our community through the medium of the M-1 Safety Squad.

Principal attention is given the children of our schools, public, parochial and private, which are visited by the officers of the squad in accordance with schedules provided by the school authorities. Here the children are taught the principles of safe conduct and are provided with actual demonstrations of these principles in action.

Each Saturday morning a half-hour radio program on the subject of safety is provided by the officers of the M-1 Safety

Squad with the cooperation of the school children and their teachers through the facilities of Radio Station WMEX.

In the field of adult education, in the matters of safety, this squad addresses many employee groups. In addition, their services are employed in connection with the conduct of our many parades and in handling the pedestrian problem incident to our seasonal shopping peaks.

TRAFFIC PROBLEMS.

Illegal parking continues to be a traffic problem despite the intensity of our efforts to combat it. The acquisition of additional off-street parking areas has not kept pace with the demand for such facilities, and this, together with the mild penalties imposed by law for infractions of parking regulations, contributes greatly to the difficulties experienced in keeping our streets clear of violators.

The decentralization of the market, made necessary by landtakings in connection with the new aerial highway, has served to lessen traffic congestion in that area of the city. The movement of trucking terminals to the fringe area of the city will be a step toward the elimination of another traffic problem of long standing. Limitation as to size of trucks operating in the downtown section of the city during the day-time hours is desirable.

At present we are faced with detour problems created by the construction of the aerial highway system. The pattern of these detours is constantly changing to conform with job requirements, and considerable attention will be required until its completion.

Parades conducted on days when retail establishments in the city are open for business constitute traffic problems which offer no easy solution while present parade routes are retained.

HORSES.

On November 30, 1951, there were 17 saddle horses in the service, attached to Division 16.

During the year 2 horses were retired from active service.

At the present time there are 15 horses in service.

BUREAU OF OPERATIONS.

DUTIES.

The Bureau of Operations has control of all communications equipment, consisting of telephone, teletype, radio and telegraph, and through its facilities has directed movement of radio cars, police boats and ambulances.

ACCOMPLISHMENTS.

During the period from December 1, 1951, to November 30, 1952, personnel of the Bureau of Operations managed transmission, reception and handling of:

298,447 outgoing telephone messages and 4,056 toll calls made by the department through our switchboard.

Approximately 414,162 emergency telephone messages received and handled at the "Turret" through either "DE 8-1212" or the department intercommunicating system.

Approximately 409,718 telephone messages received through our switchboard, many of which were transferred to the "Turret" for handling.

163,611 teletype messages and 775 telegrams were processed; 8,570 of these teletype messages related to missing persons.

6,287 automobiles were reported lost or stolen; 2,341 were reported stolen in Boston.

371,640 radio messages were sent, including "Sound Scriber" recording of same.

Four (4) main transmitters (Station KCA-860, 2 at Police Headquarters and 2 at Suffolk County Court House); 2 emergency transmitters at White Stadium, Jamaica Plain, for civilian defense; 111 automobiles; 29 combination patrol-wagon ambulances and 4 boat transmitters and receivers; 36 wired broadcast amplifiers and 8 pickup receivers were maintained and kept in repair by members of this unit.

A radio shop is attached to the Department Automobile Maintenance Shop, where a 24-hour daily service is maintained.

CRIME PREVENTION BUREAU.

The Crime Prevention Bureau is created for the prevention of delinquency among juveniles, and to initiate a program of rehabilitation for maladjusted children, and for the performance of such other duties as the commissioner or superintendent may assign thereto.

DUTIES IN GENERAL.

1. Develop a program of crime prevention, intended to eliminate factors that induce criminal tendencies among children.

2. In this program, enlist aid of the public, interested agencies and divisions and units of this department.

3. Teach good citizenship, develop a proper mental attitude of citizens toward law-enforcement agencies, and especially educate the public and the police in the problem of crime prevention and suppression.

4. Determine persons and places which in any way contribute to delinquency of children; investigating and taking necessary action to correct such conditions.

5. Supervise and inspect places of public amusement.

6. Promote welfare of children, the sick, the aged and the needy; locating missing persons.

7. Investigate cases concerning boys and girls and assist in the investigation of cases where women are involved.

SUMMARY OF WORK ACCOMPLISHED.

HACKNEY CARRIAGES.

During the police year, December 1, 1951, to November 30, 1952, there were *1,894 licenses to set up and use hackney carriages granted, being a decrease of 54 as compared with last year.

There were 263 articles, consisting of umbrellas, coats, handbags, etc., found in carriages during the year, which were turned over to the office of Inspector of Carriages. One hundred thirty-four of these were restored to the owners, and the balance of 129 placed in the custody of the Property Clerk.

The following statement gives details concerning public hackney carriages, as well as licenses to drive the same:

Hackney Carriage Licenses. (To Set Up and Use the Vehicle.)

Complaints against owners, drivers and "setups" investigated	911
Days spent in court	11
Articles found in carriages reported by drivers	263

* Includes 17 female hackney carriage drivers.

Public Taxicab Stands.

There are 491 established public taxicab stands, with capacity for 1,261 cabs, at the present time.

Private Hackney Stands.

Chapter 392 of the Acts of 1930 provides for the occupation of private hackney stands (that is, upon private property) by licensed hackney carriage owners.

During the year, 26 applications (capacity, 424 carriages) for such private hackney stands were granted.

Sight-seeing Automobiles.

During the year ending November 30, 1952, there have been issued licenses for 21 sight-seeing automobiles (one of which was regranting) and 16 designated stands for same.

There were 34 sight-seeing drivers' licenses granted; one subsequently canceled for nonpayment.

Hackney Carriage Violations.

During the past year, 769 tags were issued to taxicab drivers for various violations. Ninety-nine penalties were imposed, which included 40 revocations. This system of discipline has continued to result in relieving courts of many minor cases which would tend to congest their dockets.

POLICE WORK ON JURY LISTS.

The Police Department under the provisions of chapter 348, Acts of 1907, assisted the Election Commissioners in ascertaining the qualifications of persons proposed for jury service.

The police findings in 1952 may be summarized as follows:

Dead or could not be found in Boston	1,830
Physically incapacitated	208
Convicted of crime	182
Unfit for various reasons	1,026
Apparently fit	9,089
Total	<u>12,335</u>

The Election Commissioners sent to the Police Department for delivery 8,251 summonses to persons for jury service.

SPECIAL POLICE.

Special police are appointed to serve without pay from the city, on a written application of any officer or board in charge of a department of the City of Boston, or on the application of any responsible corporation or person, to be liable for the official misconduct of the person appointed.

“New” applicants for appointment as special policemen for the year commencing as of April 1, 1952, were fingerprinted by the department, as has been the custom, and their records, if any, searched for by the Bureau of Criminal Investigation.

During the year ending November 30, 1952, there were 1,268 special police officers appointed; 6 applications for appointment were refused for cause; 7 appointments were canceled for nonpayment of license fee; and 8 appointments were canceled for other reasons.

Appointments were made on applications received as follows:

From corporations and associations	661
From theaters and other places of amusement	258
From city departments	310
From churches	24
From private institutions	15
Total	<u>1,268</u>

PROPERTY CLERK.

The Property Clerk's Office is charged with the care of all police buildings, lost, stolen and abandoned property, money or other property alleged to have been illegally obtained, and all articles and property taken from persons arrested for any cause. In its custody are also placed all seized liquor and gaming implements which come into the possession of the Department.

All orders for supplies, building maintenance, uniforms and equipment are issued by this office.

During the year 137 motor vehicles came into custody of this office, 90 vehicles were returned to legitimate claimants and 42 vehicles were sold at public auction. There are now 40 motor vehicles in custody.

A maintenance shop for the servicing of department automobiles is in operation on a 24-hour basis. During the year, on 5,127 occasions, department cars were repaired and, on 2,149 occasions, cars were serviced. Thirty-two department cars and 135 privately-owned cars were towed by the department wrecker. The Department operates a motorcycle repair shop, where, on 264 occasions, motorcycles were repaired and serviced during the year.

The Supervisor of Automotive Equipment is responsible for the inspection of all department vehicles, all garages in the various divisions, and is required to investigate and report on all accidents involving department vehicles.
